“Writing a script and recording in
an actual studio was very fun.”

CREATE A COMMERCIAL; WRITE, REHEARSE AND PERFORM IN A PLAY TO BE AIRED ON *THE SATURDAY LIGHT BRIGADE*.

Radio Theater

Experience radio like never before—inside a real studio, learn how to work the controls and write and act out programs. This fun class will take you behind the scenes of radio production and teach you about the creative and technical aspects of the business. You'll discover how to produce cool sounds with the equipment; create, write and record a commercial; and create, write and perform a play. Your play will even be recorded and broadcast at a later date, so you can tell your family and friends to tune in. You'll also have the opportunity to be a part of a live broadcast of *The Saturday Light Brigade* at Children's Museum at the end of the week (we'll give you a free museum pass for you and a guest). And when the week is over, you'll leave with lots of hands-on radio experience, new friends, and a CD of your recordings.
